Implant Dentistry ~ More important today than ever

Whether you need a CT Scan, bone graft, sinus lift, single implant, or All on 4, UAD extends the opportunity to you and your dentist to work with Drs Russell Baer and Martin Marcus ~ leaders in implantology and cosmetic dentistry.

PRLog - Feb. 25, 2009 - CHICAGO -- Are you missing teeth, do you have a root canal that failed or are you in need of an extraction? Has your dentist talked to you about dental implants? Did you know that it might just be the best solution for you?

At University Associates in Dentistry/Dental Implant Institute of Chicago, we strive to work with your dentist in providing an atmosphere where your dental implant needs can be addressed. Our dentists and staff have been working together for over 18 years in placing dental implants. In fact, University Associates in Dentistry/Dental Implant Institute of Chicago offers seminars to dentists all over the world to train/mentor with Drs Russell Baer and Martin Marcus ~ teaching implantology and restorative dentistry.

Whether it be a sinus lift, bone graft, a single dental implant or a totally edentulous case, Drs Baer, Marcus and the staff at University Associates in Dentistry/Dental Implant Institute of Chicago specialize in these types of procedures and welcome the opportunity to work closely with you and your dentist. Our facility enables you to have your CT Scan taken, read and analyzed ~ all in about 20 minutes.

After 18 years, University Associates in Dentistry/Dental Implant Institute of Chicago has moved into its new location to better meet the needs of you, the patient, and to better work with other dental professionals. Our new office ~ just down the hall from its previous location ~ offers:

- Dental Cone Beam Scan Studies (maxilla/mandible, TMJ Study, Implant/Sinus Scan) and,
- Implant Treatment Planning Services (Noble Guide Study, Radiographic Appliance and Surgical Guide)
